REPORTS

Zero Activity - This report shows all the students enrolled in any courses in a given term who have not any course activity since a selected date.

No Submissions - This is a report of all students enrolled in a course in a given term that have not submitted an assignment between the given date range in a course. This report contains one row per student enrollment that meet the criteria. The date range can be no longer than two weeks.

Grade Report - This report shows the student final grade results for all students in a given term. The resulting file will have one row per enrollment, and will show the current and final grade that is displayed in the course gradebook. Grades are in percentages—not letter grades.

Last Submission Date - This is a report of all students enrolled in a course in a given term that have submitted an assignment. This report contains one row per student submission.
